SUBJECT No 11

Adulteration of coffee powder

Mr T Nanjunga Rao, North Mysore Native Planters Association, Chikmagalur

Summary of discussion —There are some coffe ing and grinding firms started in the State The p is adulterated with roasted coffee husk and other and sold as coffee powder It is requested that a law be made requiring the firms to enter on the label the percentage of the adulterating stuff in the powder

Reply of Government —Noted for consideration

Extract from the notes on the subject :-

Director of Industries } In England a retailer of coffee mixed with chicory which is the usual adulterant then is compelled by law to put a label on the package or tin to the following effect "This is sold as a mixture of coffee and chicory' In Mysore I doubt whether the time has arrived for introducing legislation in this direction as I fancy it would be very difficult to enforce The adulteration of ghee is a much more important matter

Secy Notes :- Such adulteration can be controlled by the extension of sec 142 (2) to coffee in any particular Municipality or Municipalities "

Subd This is a matter for being dealt with in Branch IV May this be transferred to that Branch

Sir,

With reference to your letter No.6751-8/M1.220-14-2 dated 2nd March 1915 calling for a report in consultation with the Municipal Councils in this district regarding the adulteration of coffee powder (Vide Dasara Representative Assembly Subject No.11 of 1914) I have the honor to state that the Municipal Councils of Shimoga, Sagar, Shikarpur and Tirthahalli were consulted in the matter and from their resolutions it is seen that the 1st and 2nd think that no action is called for while the last 2 consider some preventive measures necessary. As coffee is being largely consumed and as deleterious substances are often mixed with the powder, preventive action is not wholly uncalled for.

R,

With reference to your letter No 6751-8/M1 220-14-2
2nd March 1915 calling for a report in the matter of the
teration of Coffee powder, I have the honor to state that the
ons of all the Municipal Bodies in the District were called for
the matter.

2. Of these, the Municipal Councils of Chitaldrug,
ere, Harihar, Jagalur, Hiriyur and Challakere have stated
no legislation is called for in the matter, while the Municipal
rd of Hosdrug is of opinion that it is necessary to insist upon
Firms preparing the powder to paste a label on the packages con-
ing particulars as to the address of the Firms and also the
tances that are used in the adulteration and the proportion in
they are mixed The remaining 2 Municipal Bodies viz, Holalkere
Molakalmuru state that coffee powder should not be adulterated
l and that the necessary legislation to prevent it may be
uced.

3 I am of opinion that no legislation in the matter is
at present.

Sir,

With reference to your letter No 6751-8/Ml 220-14-3 of the 2nd March 1915, inviting attention to subject No 11 of Dasara Representative Assembly of 1914(Adulteration of Coffee Powder) and calling for a report in the matter in consultation with the Municipal Councils, I have the honor to submit herewith copies of the proceedings of the marginally noted Municipalities, in the matter, and to state that the first six of them are in favour of introducing a Regulation for the prevention of adulteration of the article in question, and that the last two do not find any necessity for it at present

1.Dodballapur,
2.Magadi,
3.Closepet,
4.Sarjapur,
5.Devanhalli,
6.Vadigenahalli,
7.Nelamangala,
8.Tyamagondlu

2. There are two places in which coffee powder can be adultered one, the roasting and grinding firms and the other, the public Hotels The members representation refers to the first If as it is represented that the powder is adultered with roasted -- Coffee husk in the firms, they lose the confidence of the public and will find no sale for their production Hence, no Regulation seems necessary in this respect On the other hand, if the adulteration takes place in the public Hotels(which seems to be common), the Municipal Councils may take action under section 48(c) of the Municipal Regulation
